

Kenneth T. Orsini

20381 Torre Del Lago Street, Estero, Florida 33928 (201) 956-7557 korsini515@gmail.com ktorsini.com

Objective

Software engineering undergraduate seeking an opportunity to develop a high-quality and high-impact product.

<u>Soft Skills</u>	<u>Technologies</u>		
Strategic Planning Requirements Engineering Project Management Constructive Feedback Problem Solving Critical Thinking	Languages	Frameworks	Other
	JavaScript	React	SQL & NoSQL
	C#	Angular	Git
	Java	.NET	Jira
	C++	Express	Unity

Key Projects

Workspace Scheduler / Web App developed for CallMiner

CallMiner is a software company that develops speech analytics and interaction analytics software. The project consisted of a full stack web app allowing users to reserve desks and office spaces to promote a hybrid work environment

Technologies Used: MongoDB, .NET, AngularJS, Node.js

Visualize Data Structures / VR Application

An educational VR game teaching users about data structures and algorithms

Technologies Used: MongoDB, Express.js, Unity, Node.js

Activity Calendar / Desktop Application developed for InclusiveApps

InclusiveApps is a volunteer development organization whose goal is to create applications for users with Autism. The project consisted of a desktop calendar application tailored to facilitate communication from non-verbal individuals.

Technologies Used: MySQL, Electron, Node.js

Education

B.S. Software Engineering | 2017 - 2022 | Florida Gulf Coast University

Audio Technology Diploma | 2015 – 2016 | SAE Institute of Miami

High School Diploma | 2009 – 2013 | Paramus Catholic High School
